

Notes from the Heartland (Region)
Occasional Ramblings and Updates
Buick Club of America
Please share with your membership

By now, you've received the flyer for the Regional Show. If not, let me know. There's things yet to do, but I think the best course is to wait until we have a better idea of the number of attendees before we start ordering items such as trophies, giveaways, etc.

The Heartland Region now has a web page on the BCA website. The registration form for the Regional is there, as well as a list of suggested activities in the area, restaurants, hotels, etc. The address is:

<https://heartland.buickclub.org/>

Since there is so much already scheduled at the Nationals it was difficult to find a time to have a Heartland Region business meeting. However, I'll be in the lobby of the Best Western mixing and mingling on Wednesday, July 10 once I get settled in the hotel, most likely after dinner. The next meeting agenda is below:

https://docs.google.com/document/d/1HtB9cDz0EoQVaGVSSStXhYVBiVp_NRS19v2rQDreg19k/edit

If you have items we should discuss, please add them or email me. We will definitely be holding a meeting at the Heartland Show in September, during the lunch and awards presentation on September 22.

WE NEED YOUR STUFF!!!

The Region will have a booth at the Nationals to sell items for future Regional car shows. If you have stuff you can bring to donate, please do so. PLEASE LIMIT YOUR DONATIONS TO SMALLER ITEMS THAT CAN BE SOLD EASILY. And if you can monitor the booth for an hour or more, that would be ideal.

Please email or call/text me at len.woelfel@gmail.com or 630-675-3640 if you can cover the booth for a while. I'd like to see a car or three while I'm there.

If you have a car show, etc. coming up, PLEASE LET ME KNOW and I'll add it to the google calendar called *Heartland Region Car Shows and Cruise Nights* which you can access through Google Calendars or

<https://calendar.google.com/calendar/u/0?cid=dmgwZWc3NjRmdnNsajNyMXZhZTQxcjdvdTRAZ3JvdXAuY2FsZW5kYXIuZ29vZ2xlImNvbQ>

I've also added a link to that calendar so if you're already using google calendars, it will embed and you'll have it permanently.
